

WATER SURVIVAL TACTICS

FLORIDA'S FORENSIC INSTITUTE FOR RESEARCH, SECURITY & TACTICS

All officers must recognize that they may find themselves working around water at some point in their career. This two-day program will teach officers survival skills and confidence when conducting activities on, in or around bodies of water. Waterproofing ensures that officers working in this environment have the necessary skills to protect themselves and others.

COURSE TOPICS INCLUDE:

- RESCUE TECHNIQUES
- WATERPROOFING TECHNIQUES
- SELF-DEFENSE TACTICS
- REDIRECTION, EVASION AND ESCAPES
- WEAPON RETENTION AND SHOOTING
- UNDERSTANDING BALLISTICS WHILE SHOOTING IN OR UNDER WATER
